## **Apex Medical Centre (1120 Kingston Road) - Physician Assistant (PA) Position**

### **Job description:**

The position is initially part-time on Wednesdays and Fridays from 9:30am to 6:30pm, with a one-hour unpaid lunch break from 1:30pm to 2:30pm. There is a degree of flexibility regarding working hours for the right candidate.

Pay: CA\$40.00 - CA\$60.00 per hour

Apex Medical Centre is a busy, thriving, and rapidly expanding family medicine clinic located in the desirable Beaches area of Toronto, approximately 15 minutes from downtown. We are seeking a motivated Physician Assistant (PA) to join our collaborative and supportive clinical team.

This is an excellent opportunity to work in a high-volume, modern family practice with a diverse patient population and strong clinical support.

### **Role Overview**

Physician Assistants are required to meet established professional standards and must demonstrate the knowledge, skill, and judgment necessary to practise safely and effectively.

A PA's scope of practice is delegated by the supervising physician and is guided by the PA's individual training, experience, and demonstrated competence. Scope of practice may evolve over time based on clinical ability and clinic needs.

Working under physician supervision, the PA will support the delivery of comprehensive primary care services, including:

Taking patient histories and performing physical examinations. Ordering and interpreting diagnostic tests. Supporting diagnosis and ongoing management of acute and chronic conditions. Prescribing medications within a structured delegation framework. Performing selected minor procedures as appropriate. Assisting with preventive care and patient education.

## **What We Offer**

Competitive compensation (commensurate with experience). Supportive, physician-led collaborative team environment. Exposure to a broad range of family medicine presentations. Opportunity for clinical growth and increased responsibility over time. Modern EMR and efficient clinic workflow

## **Ideal Candidate**

Certified Physician Assistant or eligible for PA registration in Canada. Strong clinical reasoning and communication skills. Comfortable working in a fast-paced primary care setting.

Team-oriented and patient-focused approach

We welcome both new graduates and experienced PAs who are looking to grow within a dynamic family practice environment.

Benefits: Paid time off

Work Location: In person
