Position: Physician Assistant – Cardiology (Full-Time)

Salary: Negotiable, based on experience

About Cardiac Care North York:

Cardiac Care North York is a full-service cardiology clinic providing comprehensive cardiac care to patients in the Greater Toronto Area. Our team consists of 9 cardiologists who also serve at North York General Hospital and are affiliated with Sunnybrook Health Sciences Centre. We offer advanced cardiac diagnostics (echocardiography, stress testing, ECG, Holter monitoring, nuclear testings.) and specialist consultations in a collaborative outpatient setting.

Key Responsibilities:

- Conduct patient assessments and assist in cardiac consultations under the supervision of cardiologists.
- Document patient histories, consultation findings, and care plans in the medical record.
- Counsel and educate patients on cardiac health, preventive measures, and treatment plans.
- Collaborate with cardiologists, nurses, and technologists to deliver high-quality patient care.
- Support clinic operations by helping with patient flow and participating in clinic educational events.
- (Optional) Engage in research or quality improvement projects in cardiology as opportunities arise.

Qualifications:

- Graduate of a Canadian or US accredited Physician Assistant program.
- Eligible (or soon to be eligible) to challenge the Canadian PA Certification Exam.
- Certified (CCPA) or in the process of certification, and licensed in Ontario (or eligibility for licensure).
- Excellent critical thinking, problem-solving, and communication skills.
- Ability to take initiative, multi-task, and work effectively in a fast-paced clinical environment.
- Passion for learning and team-oriented approach to patient care.

What We Offer:

- **Mentorship & Learning:** Work closely with experienced cardiologists and gain exposure to a wide range of cardiac conditions and cutting-edge diagnostic techniques.
- **Academic Environment:** Opportunities to participate in ongoing research studies and attend educational sessions within the clinic.
- **Professional Growth:** A supportive environment with potential for role expansion and leadership in clinical operations or research.
- **Competitive Compensation:** Salary is negotiable based on experience, with benefits, and will grow with performance and tenure.

How to Apply:

Please send your *resume* and *cover letter* to **office@ccny.ca**. Suitable candidates will be contacted to arrange an interview. We welcome applications from both new graduates and experienced Physician Assistants who have a strong interest in cardiology.
