

Job Opening: Clinical Skills II, ePBL Online Course Assistant

You will work part-time as an Online Course Assistant in the Physician Assistant Clinical Skills II Course (From January 3rd, 2022 to April 17th, 2022). Your duties and responsibilities will include facilitating ePBL group meetings (approx. 10 students) on-line weekly (Thursday mornings, or Wednesday evenings).

There are 5 ePBL cases in the semester, each of which spans 2 weeks. The online component includes a weekly class, which you are responsible for. Your duties also include reviewing and responding to discussion board postings, responding to student questions for assistance, guidance of students within the course, and meeting with your fellow course assistants and course director as required. Part of the role also includes working with the course director to help prepare exam questions on the material covered during the ten weeks of course delivery.

Requirements: minimum 3 years clinical experience, availability on Thursday mornings, (with some flexibility on Wednesday evenings).

Teaching experience is an asset.

Please send your resume to paprogram.coordinator@utoronto.ca by **5pm on November 15th, 2021**.
