**Responsibilities:**

Direct Patient Care:

- Allow faster access to care for patients in the area
- Enable more seniors to stay independently at home longer
- Achieve better health targets and outcomes for patients with chronic diseases
- Avoid patients falling in between the “gap” when seeking specialist care
- Activities including and not limited to - conducting patient interviews, histories, physical examinations; performing selected diagnostic and therapeutic interventions; arranging follow up care appointments and counseling on preventive health care

Communication:

- Establish clear and efficient communication with supervising physicians for direction and consultations
- Become the bridge among supervising physicians, other physicians, patients, caregivers, and other health providers

Medical Documentation and Record Keeping:

- Perform proper documentation and record keeping to fulfill the medical-legal responsibilities

- Understand and be compliant with clinic process and procedures

Collaboration with Care Team:

- Integrate and collaborate with all physicians, specialists, rehabilitation, pharmacy and the rest of the allied health team and staff
- Facilitate continuity of care for patients accessing services at the clinic

Administrative:

- Develop process and protocols for better family practice care
- Identify opportunities and recommend actions to improve care and service at the clinic
- Performing other duties within your competencies as a physician assistant

**Requirements:**

- Graduate of the Physician Assistant Program - required
- Successful completion of CCPA exam or equivalent. Candidates writing the exam in the future will also be considered for this position. - required
- Ability to travel and provide home visit to patients in the surrounding areas - required
- Clinical experience in family practice (RN skills) and case management - an asset
- Proficient computer skills: clinical documentation and communication in EMR
- Excellent communication skills, ability to multi-task and willingness to learn
- Proficient in Mandarin or Cantonese - an asset
