Company Bio

Hôpital Montfort is Ontario's Francophone Academic Hospital, offering exemplary person-centred care. The hospital serves over 1.2 million people in Eastern Ontario, in both official languages. In 2018, it earned Accreditation with Exemplary Standing from Accreditation Canada, and was designated Best Practices Spotlight Organization by the Registered Nurses' Association of Ontario. With its main partners, the University of Ottawa and La Cité college, as well as other post-secondary programs, Montfort is preparing the next generation of Francophone healthcare professionals. Since 2015, it has joined the ranks of Canada's top 40 research hospitals through the activities of the Institut du Savoir Montfort, its knowledge institute. As part of its 2016-2021 strategy, Montfort is striving to become your hospital of reference for outstanding services, designed with you and for you. In 2019, it was named one of the world's top 1000 hospitals. Our daily actions are guided by compassion, respect, mutual support, excellence and accountability.

Summary of Responsibilities

Reporting to the Administrative Director of the Medical Department, and in accordance with the Delegation of Controlled Acts Policy of the College of Physicians and Surgeons of Ontario, the Physician Assistant will work under the supervision of the physician in charge of the care sector, and will help provide care and ensure patient flow. The incumbent will work within interdisciplinary teams in the medicine unit to provide quality, patient-centred care.

Their tasks look like :

- Take part in diagnostic workup and care plans;
- Perform initial inpatient assessment (interview, medical history, medication, physical examination, including vital signs and procedures);
- Order and interpret relevant diagnostic tests;
- Manage hospitalized patients, including evaluating them following treatment;
- Determine restrictions (dietary, activity, fluid management, oxygen requirements, vital signs monitoring, anti-embolism therapy, tracheostomy care, feeding tubes, bladder management, etc.) and management of various needs specific to each patient;
- Prescribe various medications in accordance with his individual scope of practice and medical guidelines;
- Plan patient discharge by writing discharge orders, instructions for follow-up, and patient education.

Profile and Experience

- Hold a diploma from a recognized training program for physician assistants following completion of an undergraduate degree;
- Be eligible to take the Physician Assistant National Certification Examination and be certified by the Physician Assistant Certification Council;
- Hold a valid certificate in basic cardiopulmonary resuscitation;
- Possess the skills to work with computer tools used in the medical field;
- Bilingual (English & French)

Asset

- Experience as a physician assistant;
- Valid certification in advanced life support.

Skills

Montfort Hospital recognizes the importance of its customers by adopting a collaborative approach to customer care involving all its employees, and by instilling a sense of responsibility in each and every one of them for delivering high-quality care.

To help us achieve this, you will possess the following key competencies:

- Interpersonal communication
- Team work
- Leadership
- Problem-solving
- Initiative
- Ability to work under pressure and adapt to change.
- Ability to convey information

Employment Equity

Montfort is committed to employment equity and invites applications from women, Indigenous people, people with disabilities and visible minorities.

If you require accommodation during the assessment period, please notify us by email at rh@montfort.on.ca as soon as possible. We will review your request and implement appropriate measures to facilitate your full participation in the selection process. Montfort reviews accommodation requests on a case-by-case basis and reserves the right to request supporting documents.

An acknowledgment of receipt will be sent. Only those selected for an examination / interview will be contacted.
