

JOB POSTING

Position: Physician Assistant

Term: Full Time; Monday to Friday; 8 hours per day

Location: 65 Bayly Street West, Suite 100, Ajax, Ontario, L1S 7K7

POSITION SUMMARY

Durham Bone and Joint Specialists (DBJS) is committed to delivering orthopaedic care, within a system that provides accessibility and quality, in managing acute and chronic musculoskeletal related illnesses. Established in 2019, our team currently includes 8 orthopaedic surgeons and 3 Advanced Practice Providers, who work within a collaborative multidisciplinary environment to meet the growing needs of Durham region patients.

We are looking for a full time Physician Assistant (PA) to join the DBJS team of Advanced Practice Providers. Working within the Advanced Practice Provider team, the PA will support the delivery of DBJS' clinical care model.

The successful candidate will be responsible for consultation, physical examinations, evaluating diagnostic imaging results, determining clinical diagnosis in consultation with the Surgeon, treatment planning, and administration of conservative treatments for patients presenting for routine and urgent orthopaedic care needs. Candidates will work directly with patients and care providers, ensuring delivery of clear communication of the patient's care needs, monitoring the patient's medical and health progress and providing education on treatment options, as required.

The candidate's responsibilities may vary depending on the specific needs of the patient and the support required, consistent with the PA job classification. Additional opportunities to support program development will be assigned as the candidate's skill set evolves.

QUALIFICATIONS:

Graduate of the Physician Assistant Program

Flexible with superior organization skills and the ability to work efficiently to prioritize multiple, competing tasks in a fast-paced and dynamic environment

Ability to exercise sound judgment and discretion, make decisions and take initiative while working with confidential patient information and responding to patient inquiries

Superior work ethic, professionalism and reliability; demonstrated commitment to providing outstanding customer service

Superior written/oral communication skills; excellent interpersonal and relationship building skills; ability to effectively convey factual and detailed clinical findings
