About Us:

Vibrant Community Health ("Vibrant") is driven by a strong commitment to community and a client-centred approach that aims to improve the quality of life and health outcomes for individuals living in North Toronto, especially those who are vulnerable and face complex challenges and systemic barriers to care such as individuals living with physical disabilities, social isolation, members of racialized communities and older adults.

Position Overview:

Vibrant Community Health is seeking a Physician Assistant (PA) to join its affiliate locations. The PA will be involved in the provision of clinical care. Working alongside a team of health professionals and under the supervision of a Physician, this role will contribute to an integrated team-based model focused on creating impactful care pathways and setting new standards in patient care

Summary of Duties:

- Triage incoming patient calls: Assess patient health care needs, discuss test results and respond to patient questions pertaining to health promotion and disease prevention
- For in person visits: Conduct patient interviews, take medical histories, perform physical examinations and interpret findings
- Assist with outreach in the management of chronic disease
- Counsel patients on preventive healthcare and chronic disease management
- Organize follow-up and same day appointments
- Manage, assess and organize primary health care delivery
- Participate and contribute to Inter-professional team meetings, case conferences
- Performing certain acts under medical directives delegated by a physician
- Maintaining accurate, concise and confidential documentation pertaining to patient history and encounter data
- Performing other duties within your competencies as a physician assistant

Qualifications/Skills:

- Successful completion of the Physician Assistant bachelor's degree from an accredited educational institution.
- Certification of Physician Assistants (NCCPA), or eligible to challenge the National Certification exam.
- Current BCLS and CPR certification preferred.
- Previous experience using Electronic Medical Records (EMRs)
- Knowledge and proficiency in current, evidence-based methods and practices of primary care delivery.
- Demonstrate good problem solving and analytical skills.
- Demonstrate strong communication and interpersonal skills.
- Sound understanding of and commitment to patient and family-centered care.
- Ability to exercise sound judgment and discretion, make decisions and take initiative while working with confidential patient information and responding to patient inquiries.
- Superior work ethic, professionalism, and reliability; demonstrated commitment to providing outstanding patient care.
- Superior written/oral communication skills; excellent interpersonal and relationship building skills; ability to effectively convey factual information and detailed explanations.
