At Osler, we offer **careers that go beyond** where health care professionals can achieve their goals and find deep personal and professional fulfillment. Come join our team today!

HOW YOU WILL MAKE AN IMPACT:

Under the direction, supervision and/or delegation of a supervising Physician, and in accordance with the College of Physicians and Surgeons of Ontario's policy on delegation, the Physician Assistant will provide quality patient focused care to patients in the Emergency Department under medical directives or direct orders. While working with a team of health professionals in an inter-professional collaborative model and under the supervision of a physician, your role will include but not be limited to:

- Conducting patient interviews and taking medical histories
- Performing physical examinations and interpret findings
- Organizing laboratory and diagnostic investigations
- Performing certain controlled acts under medical directives delegated to you by a physician
- Counselling patients on preventive healthcare
- Organizing patient follow-up
- Performing other duties within your competencies as a physician assistant.

YOU HAVE:

- Graduate of the Physician Assistant Bachelor Degree at McMaster University or the University of Toronto Consortium
- **Certified through the National Commission on Certification of Physician Assistant (NCCPA)**
- **Certified or eligible to be certified through the Physician Assistant's Certification Council (PACC)**
- Current Basic Cardiac Life Support (BCLS), Advanced Cardiac Life Support (ACLS), Paediatric Advanced Life Support (PALS) and Neonatal Advanced Life Support (NALS) are mandatory
- Experience working in an Emergency Department preferred
- Demonstrated ability to communicate effectively and with respect in both a verbal and written format with patients, public, colleagues and other health disciplines.
- Demonstrated competency to perform complete and appropriate clinical assessment and development of a treatment plan in accordance with medical directives
- Proven problem solving and critical thinking skills
- Ability to work in a collaborative medical model of care with all members of the health care team.
- Satisfactory employment and attendance record

Come live our values - Respect, Excellence, Innovation, Service, Compassion and Collaboration
